FRANK HAILE & ASSOCIATES

Founded in 1948 by the late Frank Haile, Sr., **FRANK HAILE & ASSOCIATES** entered the bulk flour systems business in 1958 by designing and installing one of the first bulk storage/in-plant systems not requiring an intermediate surge or "use" bin. Since then we have furnished over 100 systems for progressive food plants throughout the United States and Western Europe. Today our key personnel, who have over 100 years of combined experience, **COMPUTER-DESIGN** systems for 17 different bulk dry materials to enable plant operators to lower material and handlings costs, increase production rates, reduce waste and improve sanitation.
